

AG Shelter Series 12' x 20' x 8' Peak Style Storage Shelter

Instant Equine Shelter.

- Our 12' wide Storage Shelter is constructed using high grade steel. Every frame tube and connector goes through a proprietary 13 step Rhino Shield steel surface preparation process.
- 1-5/8" all steel frame, bonded with Dupont™ thermoset baked on powder-coated finish prevents chipping, peeling, rust and corrosion.
- Advanced engineered, 3-layer, chemically heat bonded, enhanced polyethylene, rip-stop fabric cover is standard issue. Hot air fused seams are 100% waterproof. UV-treated inside and out with added fade blockers, anti-aging and anti-fungal agents. High profile white interior lining provides enhanced illumination.
- Comes with slip fit connectors and swedged tubing for easy assembly. Heavy duty corner braces on corner ribs and rugged Ratchet Tite™ tensioning enables quick cover installation. Easy Slide Cross Rail system lock down and square up frames and bolt hardware for every connection point.
- Structure sets up quickly and in most cases requires no building permits. Check local ordinance before installation.

Great For: Horses, hay, storage, livestock & farm equipment.

We've Got You Covered.™
North America's #1 Shelter Manufacturer.

Model #71534
